NATIONAL PENSION SYSTEM TRUST

NPS Trust - A/C UTI Retirement Solutions Pension Fund Scheme G - Tier I

NOTE 6: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2013

A. Background

1. UTI Retirement Solutions Limited is appointed as a Pension Fund Manager (PFM) by the National Pension System Trust (NPS Trust) for the management of Pension Fund and for this purpose it has entered into an Investment Management Agreement (IMA). As per unbundled architecture of the NPS Trust, the main responsibility of the PFM is to manage funds in accordance with the laid down guidelines and declare NAV. As per the architecture, the NSDL e-Governance Infrastructure Ltd., being the Central Recordkeeping Agency (CRA) provides consolidated data to PFM for allotment/redemption of units and Bank of India, being the Trustee Bank, provides/receives funds on consolidated basis in respect of such allotment/redemption.
2. CRA's responsibilities includes:
 - a. Recordkeeping, Administration and Customer service functions for NPS subscribers,
 - b. Providing Unique Permanent Retirement Account Number (PRAN) to each subscriber,
 - c. Maintaining database of all PRANs issued and recording transactions relating to each subscriber's PRAN,
 - d. PRAN Transaction Statement,
 - e. An operational interface between PFRDA and other NPS intermediaries such as Pension Funds, Annuity Service Providers, Trustee Bank etc.
 - f. CRA is responsible to resolve all queries pertaining to investors. CRA informs about the subscription and redemption to Pension Fund Managers (PFM) and also instruct Trustee Bank to credit PFM's pool account maintained with them.
3. NPS Trust has designated Stock Holding Corporation of India Ltd. (SHCIL) as the custodian, who is responsible for safe custody of securities and settlement of trades. Further, SHCIL has also been designated as valuation service provider, who is responsible for providing rates for valuation, which is used by PFM for valuation of investments.
4. Pension Fund Regulatory and Development Authority (PFRDA) has issued PFRDA (Preparation of Financial Statements and Auditor's Report of

Scheme under National Pension System) Guidelines-2012 (PFRDA guidelines), which was effective from 5th September, 2012. Prior to that, the accounting policies followed by the scheme were in accordance with the SEBI (Mutual Fund) Regulations, 1995. As per clarification, the PFRDA guidelines have been applied prospectively and accordingly the figures of the previous year are not comparable with that of the current year. Since the changes in the accounting policy are necessitated by the PFRDA guidelines, the same has not been considered as change in the accounting policy.

5. The Trustee bank provides subscription funds on a consolidated basis for all the schemes managed by PFM and credits the same to a scheme's account, wherefrom the funds are transferred by the PFM to the respective schemes. The PFM record receipt of funds in the respective schemes only.
6. The fees payable by CRA and trustee bank as per the architecture is charged to the scheme as claimed by CRA and trustee bank.

B. Scheme particulars

1. **Investment objective:** The investment objective of the scheme is to optimise returns.
2. **Commencement:** The Scheme commenced operations on 21 May, 2009.
3. **Investment pattern:**
Investments will be in -
 - (a) Government of India Bonds
 - (b) State Government Bonds
4. Contributions to the Scheme by the investors for retirement are non-withdrawable.

C. Significant Accounting Policies

1. **Basis of Accounting:** The Scheme maintains books of account on an accrual basis under the historical cost convention, as modified for investments, which are 'marked-to-market'.
2. **Investments:**
 - a. Investments are accounted on trade date.
 - b. The cost includes service tax on brokerage.
Cost is determined on the basis of weighted average cost.

d. Rights/Bonus entitlements, if any, are accounted on ex-right/ex-bonus date of the principal stock exchange.

3. **Valuation of investments:** Investments are valued using the price determined in the following manner:

a. Equity:

- i. When a security is traded on National Stock Exchange (NSE) on a valuation day, the last quoted closing price at which it was traded on the NSE
- ii. When on a valuation day, a security has not been traded on NSE, the value at which it is traded on BSE is used.

b. Debentures, corporate bonds, commercial papers and certificate of deposits:

- i. Traded securities are valued at NSE weighted average traded price on that day.
- ii. Securities not traded on a valuation day with residual maturity over 60 days are valued on a yield to maturity basis, which is arrived at by adding spreads of relevant tenor, rating and industry over the benchmark yield.
- iii. The spread used are average of spreads provided by CRISIL and ICRA.
- iv. Securities not traded on a valuation day with residual maturity up to 60 days are valued at last traded price plus the difference between the redemption value and last traded price, spread uniformly over the remaining maturity period of the instrument.
- v. Securities purchased by way of private placement are valued at cost for a period of fifteen days beginning from the date of purchase.
- vi. Only Callable Bonds (single/multiple call options), which are callable by the issuer, are valued at lowest value on each call option date.
- vii. Only Puttable Bonds (single/multiple put options), which are puttable by the investor, are valued at highest value on each put option date.
- viii. Securities with both Put and Call option (single/multiple) on the same day is deemed to mature on the Put/Call option day and is valued accordingly.
- ix. Partly paid bonds are valued at cost till it is fully paid.
- x. Perpetual bond with single/multiple call options are valued at lowest price on each option date.

c. Central and State Government Securities: Securities are valued at the average of prices provided by CRISIL and ICRA.

d. Mutual fund units: Mutual fund units are valued at the latest available/previous day's NAV from AMFI website.

4. Appreciation/Depreciation, as the case may be, in the value of the securities at the year-end have been computed for the Scheme, whereby the aggregate market value of all investments taken together is compared with aggregate cost of acquisition. The change in net appreciation/depreciation is recognised in Revenue Account.

5. Income Recognition:

a. Dividend income is accrued on the "ex-dividend" date.

b. Interest on interest bearing and other fixed income investments is recognised on a day to day basis as it is earned. On purchase of such investments, interest paid for the period from the last interest due date up to the date of purchase is not treated as a cost of purchase but is treated as interest recoverable. Similarly, interest received at the time of sale for the period from the last interest due date up to the date of sale is not treated as part of sale value but is treated as interest recovered.

c. Other income of miscellaneous nature is accounted for when there is certainty of collection.

6. Computation of Net Asset Value (NAV): The NAV of the units is determined by dividing the net assets, including investments recognised and valued as per the accounting policies, by the number of outstanding units on the valuation date.

7. Unit Premium Reserve: Difference between the issue/redemption price and face value of units is credited/debited to Unit Premium Reserve.

D. Hitherto, the Scheme was accounting net unrealised gains on appreciation in the value of investments in the Balance Sheet as an Unrealised Appreciation Reserve. During the year, pursuant to the PFRDA guidelines, the Scheme has changed the manner of recognising net unrealised appreciation by routing it through Revenue Account. The effect of the change in accounting policy has resulted in income for the year being higher by ` 39.17 Lakhs, though this does not have any impact either on the accumulated balance in the Reserves and Surplus or on NAV.

E. The valuation policy of the Scheme, as advised by SHCIL, is at variance with PFRDA guidelines. The details of deviation are as under:

PFRDA Guidelines	Valuation Policy
1. Valuation of G- sec at YTM based on prevailing market prices	They are being valued at average of price given by CRISIL and ICRA

F. CRA Fees: The CRA fees charged to the scheme includes ` 1,95,381 which is yet to be recovered from investors by way of redemption of units which would be paid on respective due date.
