2. **Investments:**
 - a. Investments are accounted on trade date.
 - b. Cost is determined on the basis of weighted average cost.
 - c. Rights/Bonus entitlements, if any, are accounted on ex-right/ex-bonus date of the principal stock exchange.
3. **Valuation of investments:** Investments are valued using the price determined in the following manner:
 - a. **Equity:**
 - i. When a security is traded on National Stock Exchange (NSE) on a valuation day, the last quoted closing price at which it was traded on the NSE.
 - ii. When on a valuation day, a security has not been traded on NSE, the value at which it is traded on BSE is used.

- iii. **Right entitlement:**
- a. **Traded:** Right entitlement is valued at the closing market price on the valuation date.
 - b. **Non-traded:** Right entitlement is valued at the difference of the Ex-right price and the offer price multiplied by the ratio of Right Entitlement.
- b. **Debentures, corporate bonds, commercial papers and certificate of deposits:**
- i. Traded securities are valued at NSE weighted average traded price on that day.
 - ii. Securities not traded on a valuation day with residual maturity over 60 days are valued on a yield to maturity basis, which is arrived at by adding spreads of relevant tenor, rating and industry over the benchmark yield.
 - iii. The spread used are average of spreads provided by CRISIL and ICRA.
 - iv. Securities not traded on a valuation day with residual maturity up to 60 days are valued at last traded price plus the difference between the redemption value and last traded price, spread uniformly over the remaining maturity period of the instrument.

The change in net appreciation/depreciation is recognised in Revenue Account.

5. **Income Recognition:**
- Dividend income is accrued on the "ex-dividend" date.
 - Interest on interest bearing and other fixed income investments is recognised on a day to day basis as it is earned. On purchase of such investments, interest paid for the period from the last interest due date up to the date of purchase is not treated as a cost of purchase but is treated as interest recoverable. Similarly, interest received at the time of sale for the period from the last interest due date up to the date of sale is not treated as part of sale value but is treated as interest recovered.
 - Other income of miscellaneous nature is accounted for when there is certainty of collection.
6. **Computation of Net Asset Value (NAV):** The NAV of the units is determined by dividing the net assets, including investments recognised and valued as per the accounting policies, by the number of outstanding units on the valuation date.
